Children age 0 – 17 must apply with at least one parent.

To be eligible for Asia Care Premier, you must reside in one or more of those countries for at least 185 days per year: Bangladesh, Bhutan, Brunei, Cambodia, East Timor, India, Indonesia, Laos, Malaysia, Maldives, Myanmar, Nepal, Pakistan, Philippines, Sri Lanka, Thailand, Vietnam.

All applicants must fill out a medical questionnaire. In some cases, we may request additional medical information.

Please note: some professions may be excluded such as medical professionals, high risk professions, professional athletes, politicians, soldiers, police, etc.

When does my coverage begin?

Your coverage begins on the date you are accepted into our insurance. This means your benefits can apply immediately after we have approved your application and received your payment.

After membership acceptance, waiting periods, as listed in the table of benefits, may be applied if you do not previously hold a similar insurance. This means that, for a period of time, there will be no coverage for particular benefits.

Can I visit a hospital of my choosing?

Yes, you are free to choose any medical provider. However, the establishment must be licensed as a medical or surgical hospital under the laws of the country where it operates.

Do I need to pay upfront for my medical expenses?

No, in most cases if you visit a hospital in our vast direct billing network, we will settle the bill with the hospital directly. In the event that you visit a hospital outside our network, you will need to submit us your claims.

Are people with pre-existing conditions covered?

Those who are aware of pre-existing medical conditions may apply - but pre-existing conditions may be excluded from coverage.

What is not covered?

There are some medical events that we do not cover such as: Hospice and palliative care, Nursing at home or in a convalescent home, Treatment for HIV and Aids, Congenital anomalies, Loss of Life, Dismemberment, Loss of Sight or Permanent Disability caused by accident. We believe they do not diminish the benefits of our plans and by excluding them we can make the plans more affordable for everyone.

By excluding unnecessary risks (e.g. consequences of alcohol consumption) or expenses which are incurred due to personal preferences (e.g. cosmetic treatment) – medical costs can be minimized; thus ensuring the long term stability and affordability of our plan for all our members.

What is covered under Complications of pregnancy and delivery from natural conception (10 months waiting period)?

The Company will pay Medically Necessary, Customary and Reasonable Medical Charges, for Treatment of prenatal and postnatal complications sustained by the Covered Person, not including costs of delivery of any child whether such delivery is by normal, by caesarean section or by any other assisted means.
